KEEP INFORMED: www.FOXLANESKI CLUB.COM is our Website and is available 24/7 for the latest Club information. Members/parents are responsible to check the website and email for trip, logistics or other pertinent info. Club email: info@foxlaneskiclub.com. Hotline 914/419.0499. Please keep email, contact & insurance information current with the Club.

CHAPERONES: All chaperones, like the officers of the FLSC, are volunteers. Parents interested in chaperoning should complete the information on the registration form; or reach out to President, Christina Dochtermann Christina@foxlaneskiclub.com. **To chaperone on a particular trip, email info@foxlaneskiclub.com the Monday before the trip.** You will be notified by Thursday, once we have an accurate count, if you are needed. We only seek Chaps who are actively proficient skiers/boarders. Please see Chap info on the website for specific details. **It is important to note that student members do not ski in organized groups with chaperones.** The chaperones are along for overall organization, supervision, to monitor behavior, patrol slopes, help in emergencies and administer the Club proficiency test.

EQUIPMENT: Skiers/Snowboarders must have equipment to join the Club. Those who do not own equipment must lease equipment for the entire season. Individual trip rentals are not permitted. Skiers must use poles and have releasable bindings. Skis/bindings must have a written record of a ski inspection from a legitimate ski shop submitted to the Club at registration. (If you lease equip. bindings are checked. If you own, bindings must be checked by a ski store, such as **FLSC partner Hickory & Tweed.**) Members may register as both skier and snowboarder, but may take only one set of equipment per trip.

ALL FLSC participants MUST Wear a Helmet. Snowboarders Must also wear wrist guards.

Skiing and snowboarding are inherently dangerous sports. The severity of any head injury may be reduced or negated by a properly fit helmet. Wrist guards have also resulted in a dramatic drop in serious injuries.

Members in violation of the helmet/wrist guard requirement may be expelled from the Club.

CLUB EQUIPMENT LABELS: Members will receive *Fox Lane Ski Club* labels for your equipment. **The labels must be on your equipment in order to go on a trip.** (check before/after each trip!) Please attach the labels to equipment that is at room temperature. Labels won't stick to freezing cold skis, boots and snowboards that have been sitting in the garage. (Review how to carry equipment, consider a gear bag or ski/pole carrier. At the very least, rubber band skis & poles together prior to loading on buses to/from the mountain.) Check equipment to ensure it's yours.

NAME: _____

LOST & FOUND: Check the website for Lost & Found. Members are expected to be responsible for their equipment & personal belongings.

LESSONS: Lessons are recommended for ALL members ~ of All Levels. A minimum of three lessons must be taken by novices/Restricted members to be eligible for the season end VT trip. We cannot emphasize enough the importance of lessons. The Club believes so strongly in the benefit of professional instruction that we subsidize 3/4s of the lesson fee. Members may sign up for a group lesson during trip registration for **only \$20**. If a member is registered for a lesson, but does not take it they will owe the Club \$40 and must be received prior to being allowed on another trip.

FOX LANE SKI CLUB RATING SYSTEM: While skiing or snowboarding, all members must wear the Club armband visibly on his or her arm. The armbands indicate membership in the Club and the skier's ability. **Members will be charged \$10, day of, for lost armbands.** The designation system is as follows:

RESTRICTED: Red Arm Band: Skiing/snowboarding is restricted to trails marked with a Green Circle/Beginner or a Blue Square/Intermediate. Blue/Black are allowed with members best judgement for safety/capability. Restricted members on Black Diamond slopes or Terrain Parks will be expelled from the Club.

UNRESTRICTED: Green Arm Band: Skiers/Snowboarders may use All Trails and Terrain Parks except those deemed unsafe by the Club, Mountain or Ski Patrol. Unrestricted members have demonstrated the ability to descend an expert trail under control.

All new Club members are listed as RESTRICTED until they pass a Club-administered skills demonstration test. The chaperones will administer the test on an Expert Trail. Upon successfully completing the test, the Club will send a permission waiver home from the trip. The parent/guardian must sign and return via email to approve their child's status being changed to UNRESTRICTED. The member will remain RESTRICTED until the completed form is signed by the parent and received.

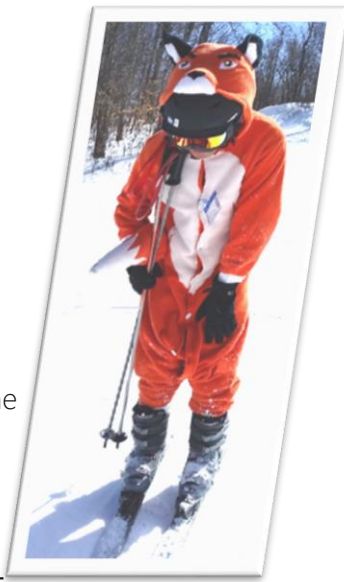

Please be advised that the ability test is only a general assessment of a member's skiing/boarding ability and is no way meant to suggest that a particular skier/boarder is capable of safely skiing/boarding any or all expert trails under all conditions. The decision as to whether the status of a skier/boarder who passes the ability test should be changed to "UNRESTRICTED" is the sole discretion of the member's parent/guardian.

Members who have passed the test in previous years must have a signed release form on file with the Club. Once the form is signed and returned, it will be kept on permanent file/status with the FLSC.
